Driving Machine

THE BMW X4.

BMW EFFICIENT DYNAMICS.
LESS EMISSIONS. MORE DRIVING PLEASURE.

**THE NEXT
100 YEARS**

In 2016 the BMW brand will be celebrating its 100th anniversary. Find out more at www.next100.bmw

WANT TO DISCOVER MORE?

You can also discover the BMW X4 in a digital brochure. Simply download it directly to your tablet from the BMW brochure app, which can be found in the App Store.

Internet use, depending on your mobile contract, may incur costs.

THE BMW X4.

FEATURED MODEL.

- 04 BMW X4 xDRIVE35d M SPORT:**
BMW TwinPower Turbo six-cylinder in-line diesel engine with 313hp (230kW), 20" M light alloy Double-spoke style 310 M wheels with mixed tyres. Paintwork in Melbourne Red metallic, Ivory White Nevada leather seats with Sport Red contrast stitching and Brushed Aluminium interior trim.

INNOVATION AND TECHNOLOGY.

- 18 BMW TWIN POWER TURBO ENGINES:**
At the heart of BMW EfficientDynamics.
- 20 BMW EFFICIENT DYNAMICS:**
Making light work of lower fuel consumption.
- 22 BMW CONNECTED DRIVE:**
In touch with your world.
- 24 SUSPENSION:**
Innovative systems for more driving pleasure.
- 26 SAFETY:**
Technology at the highest level.

INDIVIDUALITY AND CHOICE.

- 30 EQUIPMENT:**
SE, xLine and M Sport, Equipment Highlights, Wheels and Genuine BMW Accessories.
- 44 COLOURS:**
Exterior, interior and upholstery colours.
- 48 BMW SERVICE:**
BMW Service, BMW Financial Service and BMW Experience.

The BMW X4 really stands out from the crowd. Its striking design makes a statement that blends lifestyle and performance. It's an outstanding combination of power and style that holds you spellbound and lets the BMW X4 defy categories.

UNLEASH CHARACTER.

Combining two qualities never offered together in this segment before: The BMW X4 fuses the quintessential power of an X model with the aesthetics of a classic coupé. With its dynamic contours and coupé-style silhouette, it transforms every road into a stage on which it is the undisputed star of the show.

 **X SYMBOL.**

The distinctive design of the BMW X4 is guaranteed to turn heads. The double round headlights and trademark kidney grille define the front and imbue it with powerful contours that exude self confidence.

**DAZZLING BY
DESIGN.**

TAKE THE WHEEL AND TAKE COMMAND.

As the driver of the BMW X4, you are always in control: its cockpit is completely geared to the driver and enables intuitive operation. The optional full colour Head-up Display ensures you can always keep all relevant information in view. In the rear, generous space, high-quality materials and 40:20:40 split-folding rear seat provides passengers with a practical yet comfortable ride experience.

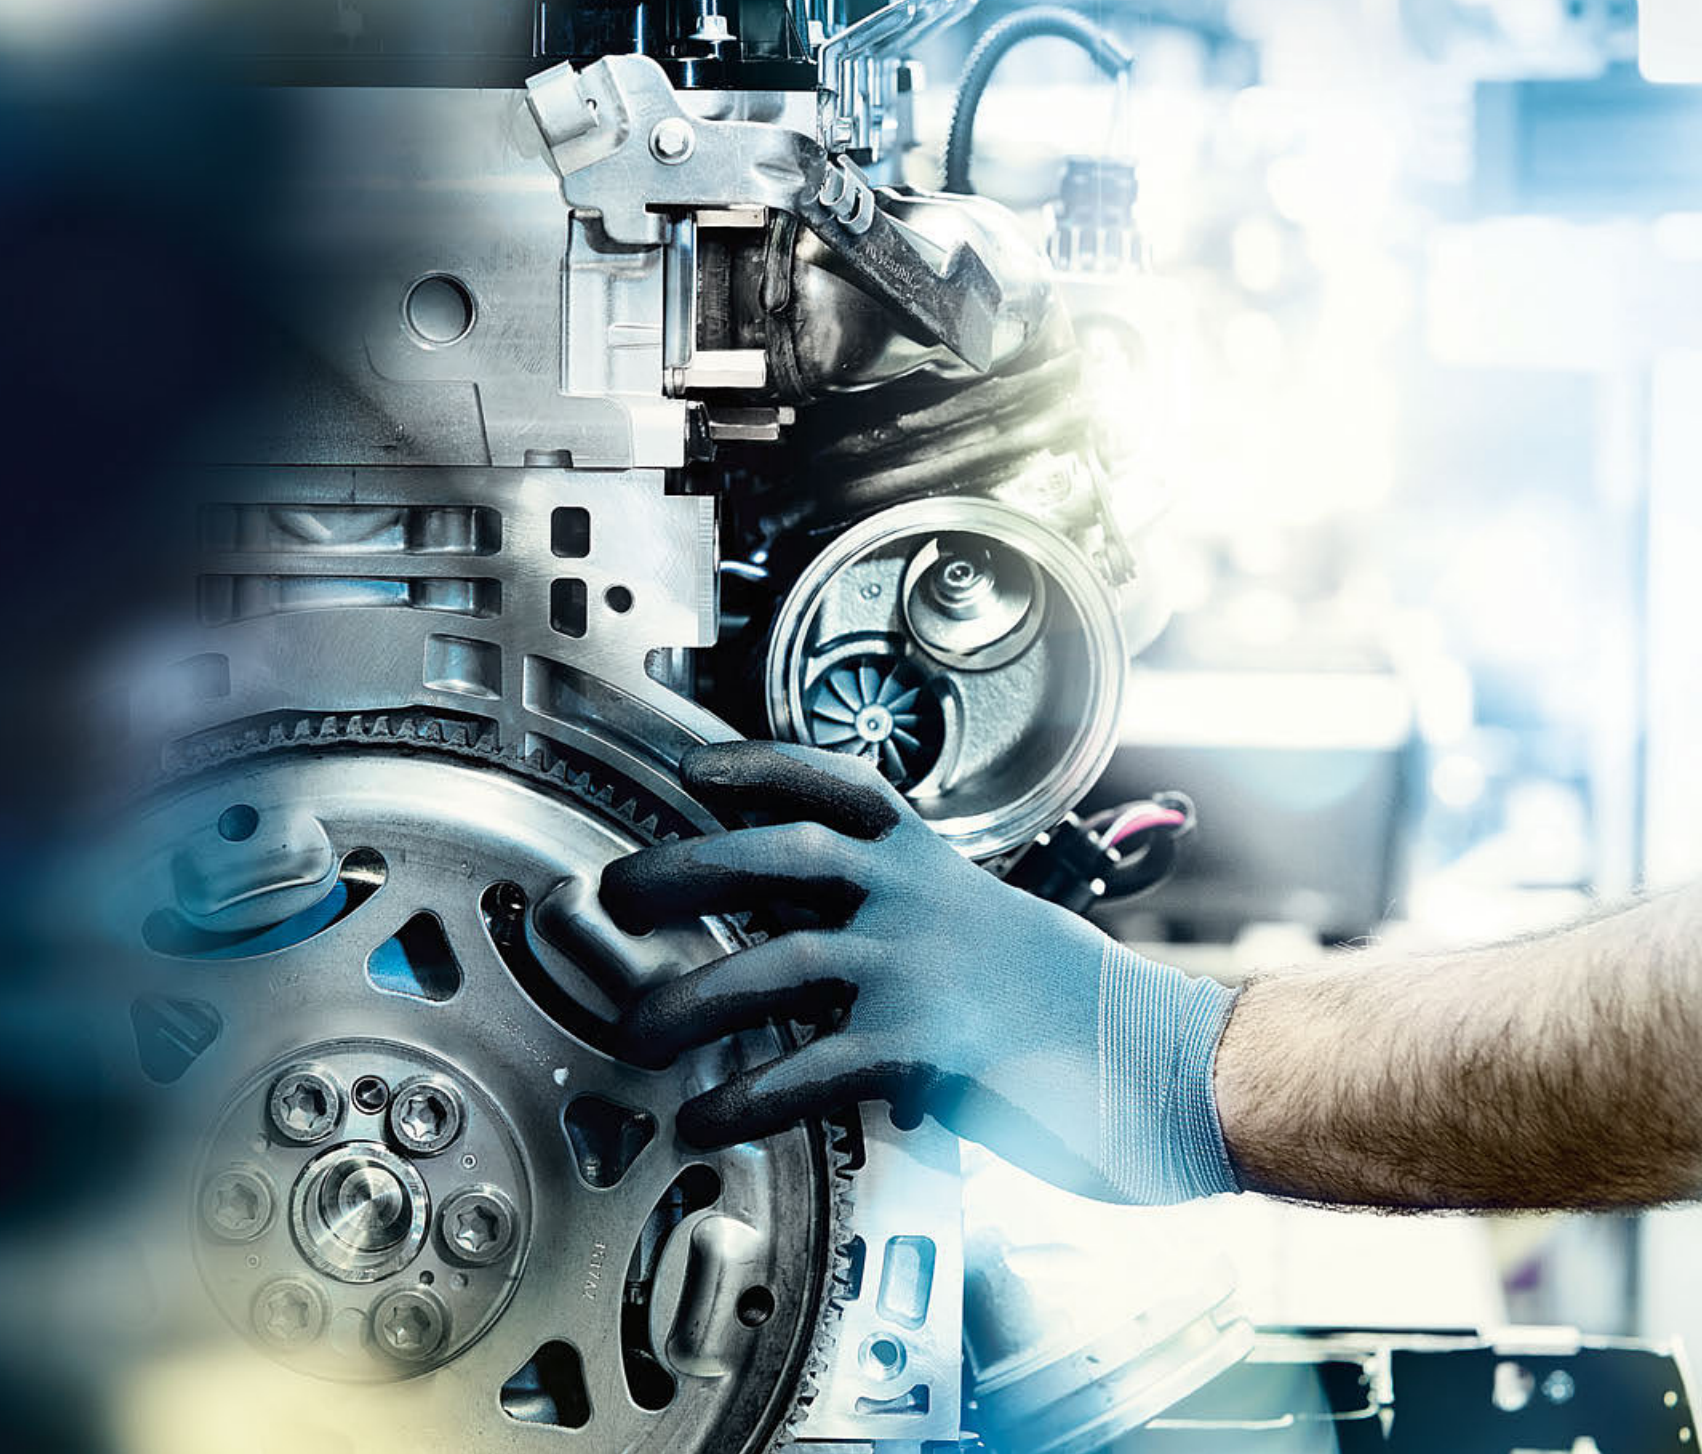

SUBTLY ATTRACTIVE.

From the moment you get behind the wheel of the BMW X4 you can feel its impressive power and outstanding driving dynamics, all geared towards delivering an exceptional driving experience. Lavish in performance, but markedly lean when it comes to fuel consumption and emissions, thanks to cutting-edge EfficientDynamics technologies and its aerodynamic design.

INNOVATION AND TECHNOLOGY.

BMW TWIN POWER TURBO ENGINES: At the heart of BMW EfficientDynamics.

BMW EFFICIENT DYNAMICS: Making light work of lower fuel consumption.

BMW CONNECTED DRIVE: In touch with your world.

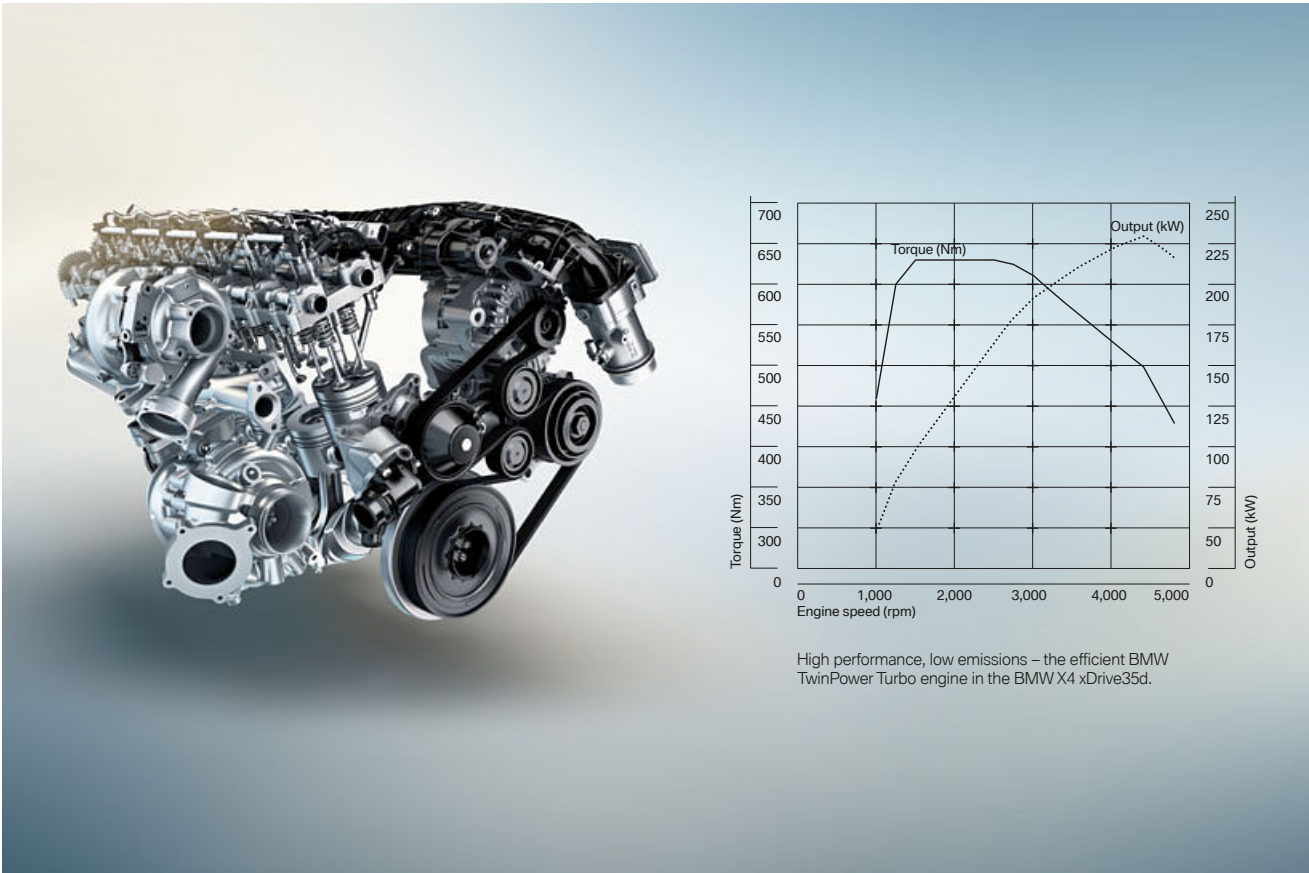

SUSPENSION: Innovative systems for more driving pleasure.

SAFETY: Technology at the highest level.

BMW TwinPower Turbo engines.

At the heart of BMW EfficientDynamics.

The next level of driving pleasure and efficiency: delivered by innovative diesel engines with BMW TwinPower Turbo technology. This pioneering technology package combines the latest fuel injection with turbocharger and variable turbine geometry that represents a milestone in the BMW EfficientDynamics development strategy. All of which combine to deliver on our promise for sheer driving pleasure.

BMW TWIN POWER TURBO IN-LINE DIESEL ENGINES.

The high performance **six-cylinder in-line diesel engine** with BMW TwinPower two-stage turbocharger is a real highlight in the BMW X4 xDrive35d. Dynamic power delivery coupled with outstanding efficiency are its defining hallmarks. This is down to innovative technology from BMW EfficientDynamics – which combines the latest generation of common-rail direct injection and a two-stage turbocharger with variable turbine geometry.

The highly efficient **BMW TwinPower Turbo four-cylinder xDrive20d diesel engine** is equally impressive: Power, torque and performance are just three distinguishing features of this generation of diesel engines.

BMW X4 xDrive35d.

- BMW TwinPower Turbo six-cylinder in-line diesel engine with 313hp (230kW) and 630Nm of torque
- Acceleration 0–62mph: 5.2 seconds
- Top speed: 153mph (247km/h)
- Combined fuel consumption: [47.1mpg (6.0l/100km)]
- CO₂ emissions: [157g/km]

BMW X4 xDrive30d.

- BMW TwinPower Turbo six-cylinder in-line diesel engine with 258hp (190kW) and 560Nm of torque
- Acceleration 0–62mph: 5.8 seconds
- Top speed: 145mph (234km/h)
- Combined fuel consumption: [46.3–49.6mpg (5.7–6.1l/100km)]
- CO₂ emissions: [149–159g/km]

BMW X4 xDrive20d.

- BMW TwinPower Turbo four-cylinder diesel engine with 190hp (140kW) and 400Nm of torque
- Acceleration 0–62mph: 8.0 seconds
- Top speed: 132mph (212km/h)
- Combined fuel consumption: 51.4–55.4mpg (5.1–5.5l/100km) [53.3–57.6mpg (4.9–5.3l/100km)]
- CO₂ emissions: 135–145g/km [129–139g/km]

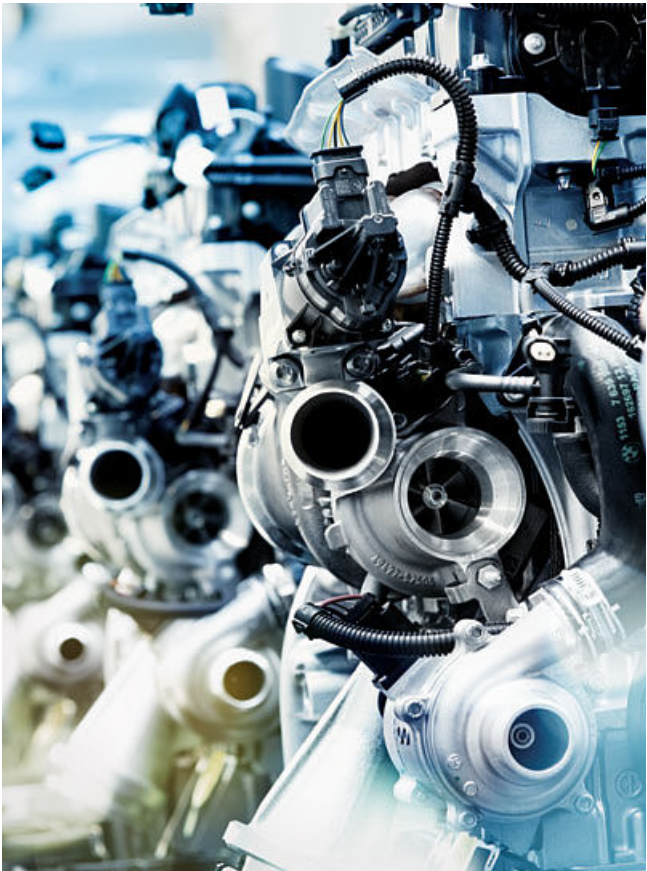

BMW EFFICIENT DYNAMICS.
LESS EMISSIONS. MORE DRIVING PLEASURE.

Fuel consumption and CO emissions are affected by the selected wheel and tyre sizes. Values in [] are for vehicles with automatic transmission.

BMW EfficientDynamics

Making light work of lower fuel consumption.

Whether the goal is maximum performance or minimum fuel consumption – for BMW, the focus is always on delivering quintessential driving pleasure. BMW EfficientDynamics is the strategy developed to minimise fuel consumption and CO₂ emissions while simultaneously increasing dynamics and driving pleasure. It is a comprehensive technology package that encompasses the engine, energy management and the vehicle concept – and is standard in every BMW.

SPORTY AND EFFICIENT: THE EIGHT-SPEED SPORT AUTOMATIC TRANSMISSION.

The **eight-speed Sport automatic transmission** adapts to suit your individual driving style. Its range is perfect for everything from comfortable cruising through to a very dynamic driving style. In Sport mode, the gearshifts are configured for maximum performance. And even when the gears are changed manually via the gear selector lever or steering wheel gearshift paddles you can rest assured – the eight-speed Sport automatic transmission delivers maximum efficiency and incredibly smooth gear changes.

DRIVETRAIN.

BMW TwinPower Turbo technology is used in all **BMW Diesel engines**, combining the latest fuel injection technologies and variable turbine geometry with innovative turbocharger for enhanced efficiency and a more dynamic performance. All diesel models feature lightweight aluminium construction and are equipped with a zero-maintenance particle filter.

INNOVATIVE CONCEPT.

An array of high-tech materials are used to build the BMW X4, including lightweight materials like aluminium in the suspension and front of the car, high-strength steel in the car body, as well as state-of-the-art plastics and magnesium. This intelligent lightweight construction lowers the weight of various parts and makes the car body incredibly rigid, improving passive safety for the driver and passengers. The balanced weight distribution between the front and rear axles also enhances driving dynamics.

ENERGY MANAGEMENT.

Depending on your individual driving style, **ECO PRO mode** can reduce fuel consumption by up to 20%. Another 5% of savings potential can be achieved by using the Route-ahead Assistant and ECO PRO Route which are both included with optional BMW Professional Multimedia Navigation system.

Auto Start-Stop switches off the engine when the vehicle comes to a temporary standstill (e.g. at traffic lights or in a traffic jam) to further reduce overall fuel consumption. When the driver presses the clutch (manual transmission) or takes their foot off the brake (automatic transmission), the engine automatically starts up again.

With **Brake Energy Regeneration**, the alternator generates electricity primarily when the driver brakes or takes their foot off the accelerator. Previously unused kinetic energy is transformed into electrical energy and fed into the battery.

Unlike conventional hydraulic steering systems, **Electric Power Steering** only uses energy when the steering wheel is actually being turned. When driving straight ahead, the electric motor remains inactive.

BMW ConnectedDrive

In touch with your world.

Our world is becoming more connected every day with instant access to information at anytime and anyplace. With your BMW being an integral part of your lifestyle we believe it's important that you can keep up to date from the behind the wheel. BMW ConnectedDrive delivers intelligent solutions that allow you to remain connected whilst on the move.

Advanced driver assistance systems can connect you to the outside world so that you know exactly what is happening around you, premium traffic solutions ensure you are taking the most time efficient route whilst online services provide direct access to information about your current location or chosen destination. Today, driving enjoyment is derived as much from being informed and relaxed as it is from impressive performance and efficiency – discover how the comprehensive range of ConnectedDrive technologies can enhance the connected capabilities of your Ultimate Driving Machine.

For more information please visit:

www.bmw.co.uk/connecteddrive
www.bmw.ie/connecteddrive

Wherever your journey may lead, you can stay in touch with **BMW ConnectedDrive Services**. The range of innovative functions provide optimum integration between the driver, vehicle and the world outside - anytime, anywhere. The comprehensive range of advanced driver assistance systems seamlessly integrate the driver into their immediate environment. Headlights, sensors, cameras and radars can combine to ensure the driver is fully informed about what is happening around them, delivering superior comfort and convenience as well as enhanced safety for both passengers and other road users.

Head-up Display.¹ The optional full colour Head-up Display projects important driving information directly into the driver's field of vision. The information displayed can be customised in the vehicle Settings and includes the current speed of travel, navigation instructions or telephone and music listings. This convenient display ensures that your eyes are always on the road ahead for a safer driving experience.

Surround-view. Optional Surround-view offers the driver a bird's-eye-view of the area around the vehicle, clearly shown in the Control Display providing extra confidence in tight manoeuvres and when parking.

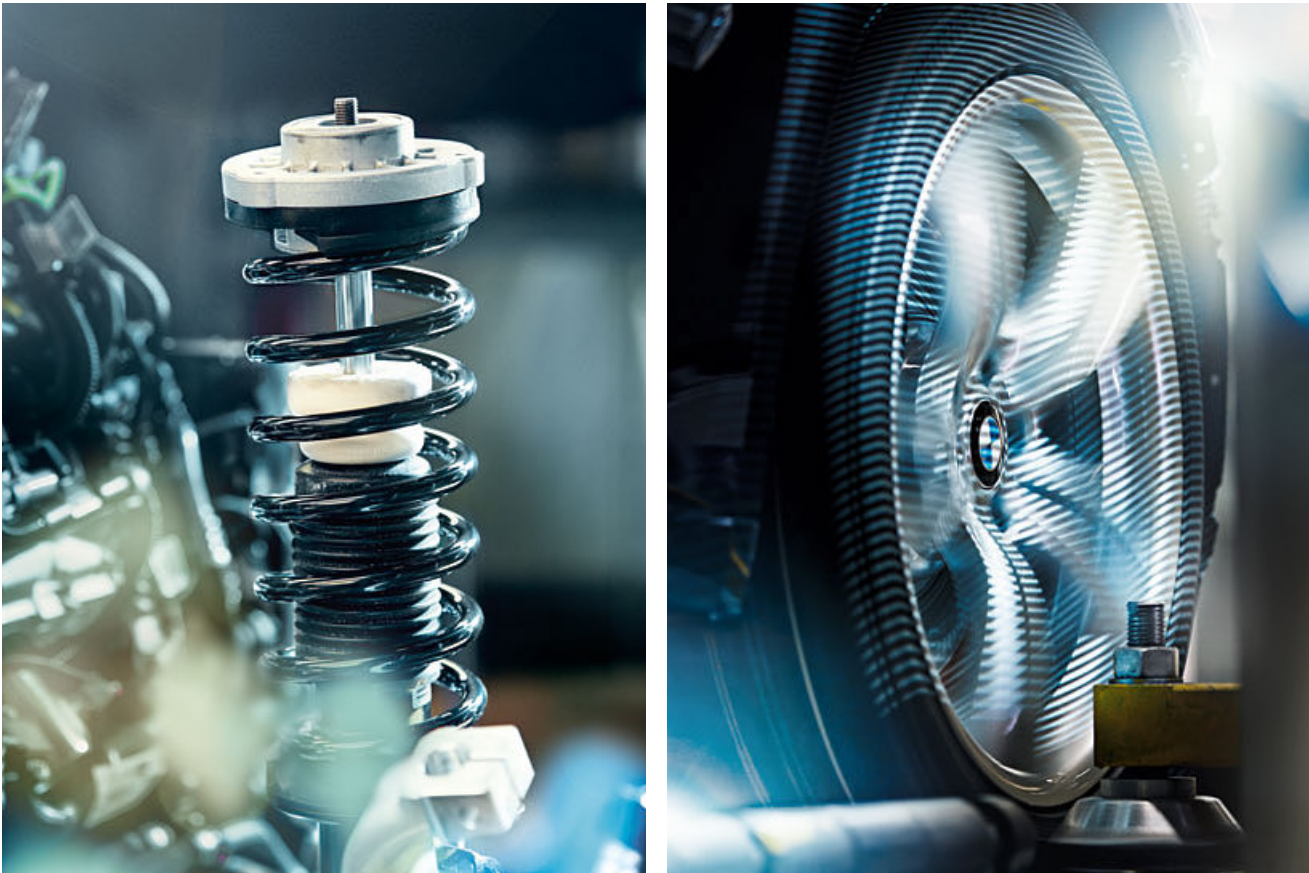

Reversing Assist Camera. Provides valuable support during manoeuvres and parking. A camera clearly shows the area directly behind the vehicle in the Control Display. Interactive guidelines help determine the trajectory of the manoeuvre and highlight whether the parking space selected is large enough.

¹ Image also shows optional Speed-limit information.

Suspension.

Innovative systems for more driving pleasure.

The BMW X4 features a wide range of innovative technologies to make sure you enjoy every drive to the full. Many of these systems are intelligently interconnected and it's this level of integration that delivers the best possible safety, together with maximum driving pleasure – on every road, every curve and at every second.

PERFORMANCE CONTROL.

BMW Performance Control distributes engine and braking control to the individual wheels when turning. Because the outer wheels have to move a longer distance than the inner wheels when turning, Performance Control intervenes through engine output and controlled braking. The outer wheels get more power while the inner wheels get less, maximising traction on each of the wheels. This means that the vehicle practically turns itself, increasing driving safety and comfort.

Standard **Drive Performance Control** enables individual adaptation of engine and chassis components by selecting either Comfort, Sport, or with Sport automatic transmission / Variable Damper Control, Sport+ mode. **ECO PRO mode** helps minimise fuel consumption and displays the number of miles gained through economical driving with the saving shown as a bonus range in the instrument cluster.

Standard **Variable Sport steering** works independently of road speed, varying the steering ratio in line with the steering angle. Servotronic reduces the steering wheel movement required to achieve a tight steering angle, which not only enhances comfort when parking and manoeuvring but also improves sporting agility in tight corners and bends.

Optional **Variable Damper Control** adapts the characteristics of the dampers to the driving situation, for example, by adjusting the shock absorbers to a firmer position for a more exciting and sporty ride.

Standard **xDrive** four-wheel-drive system intelligently distributes variable drive power to the front and rear wheels for maximum traction, directional stability and safety in every driving situation.

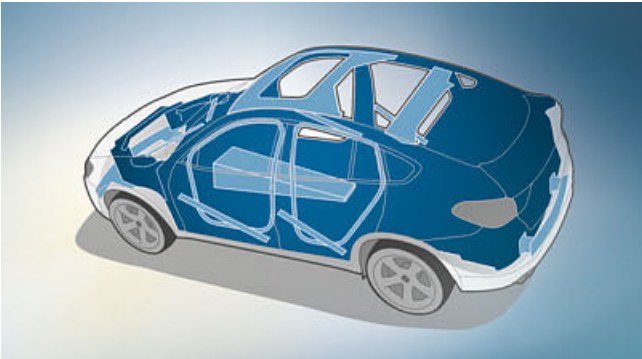

Safety.

Technology at the highest level.

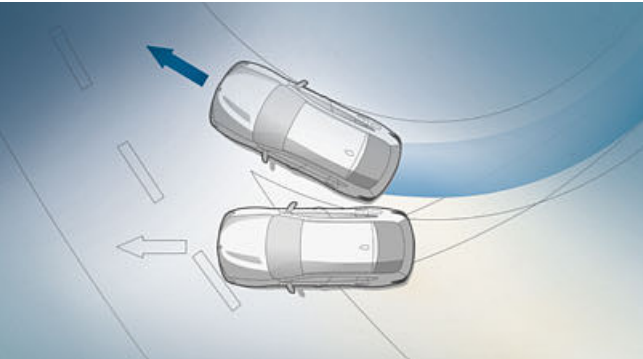

The BMW X4 is equipped with cutting-edge technologies for every eventuality. Superb handling and innovative equipment come standard and all BMW drivers benefit from the very latest technologies that provide optimal support at all times. You'll feel safe and protected wherever your journey is taking you.

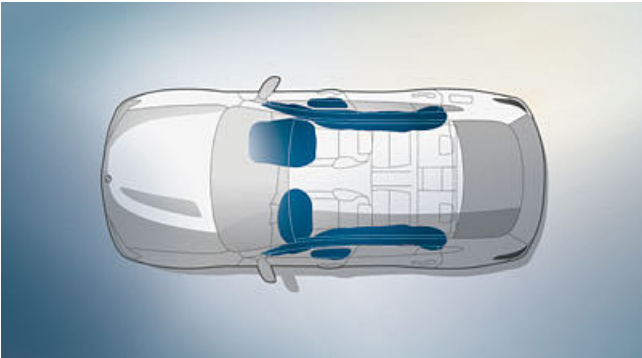

The BMW X4 stands out from the crowd for many reasons, not least due to its exceptional level of safety. Its extremely stable passenger cell offers the ultimate in protection and comfort on all trips, allowing the driver of the BMW X4 to confidently unleash its full dynamic potential. For example, should the vehicle ever lose its grip on the road for even a fraction of a second, Dynamic Stability Control (DSC) assumes control by automatically compensating for the loss of traction, thus preventing the vehicle from swerving.

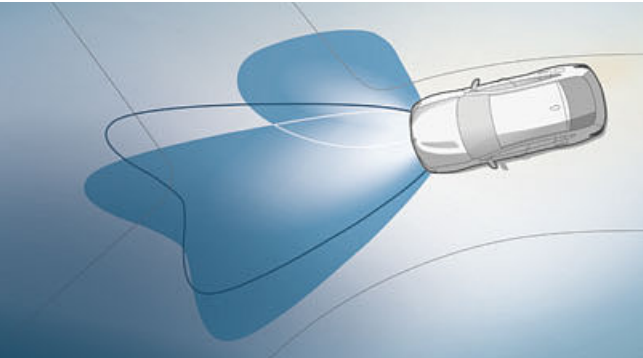

■ **Passenger cell:** The system of beams and node connections in the functional body structure combined with the strategic deployment of high-strength materials, delivers maximum passive safety in the event of front, side or rear crashes.

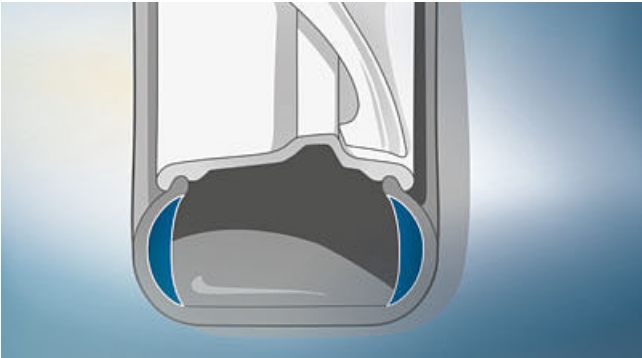

■ **Dynamic Stability Control (DSC)** continually assesses the vehicle's movements and optimises directional stability and traction by intervening in engine and brake management. This makes it much easier to control the vehicle, even on difficult surfaces, actively increasing driving safety.

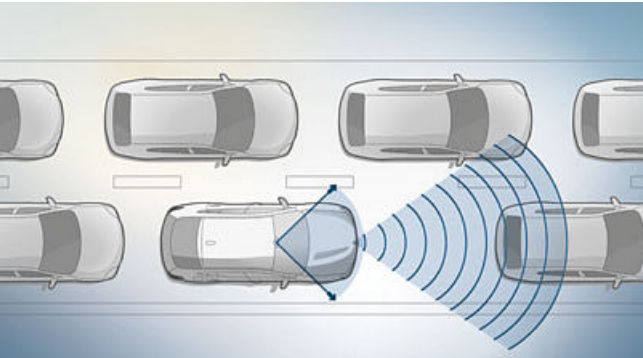

■ **Airbags** are one of the passive safety components in a BMW. Driver and front passenger airbags, as well as the side airbags integrated into the front seat backrests, provide strategic protection.

□ **Adaptive Headlights** with variable light control, including High-Beam Assistant and cornering lights, help increase driving safety by optimally illuminating the road ahead. Light distribution is automatically adapted to match your speed and the steering angle.

■ **Run-flat tyres** have reinforced side walls that prevent tyres collapsing or loosening if the air pressure drops. Tyre Pressure Monitoring notifies the driver of loss of pressure by a light in the instrument display and greater pressure loss will be signalled with a three-level warning strategy.

□ **Driving Assistant**, includes Forward Collision Warning which detects vehicles in front and warns the driver when they are too close. Lane Departure Warning alerts the driver if the vehicle strays from the lane of travel without indicating.

INDIVIDUALITY AND CHOICE.

EQUIPMENT: SE, xLine and M Sport, Equipment Highlights, Wheels and Genuine BMW Accessories.

COLOURS: Exterior, interior and upholstery colours.

BMW SERVICE: BMW Service, BMW Financial Service and BMW Experience.

xDrive20d SE.

■ Standard equipment □ Optional equipment

Standard equipment features:

- 18" light alloy V-spoke style 307
- Automatic tailgate operation
- BMW Navigation System
- BMW Online Services (Includes BMW Apps)
- Colour display screen (6.5") and iDrive Controller
- DAB digital radio
- Drive Performance Control (ECO PRO, Comfort and Sport modes)
- Heated seats, front
- LED foglights, front
- Multi-function Sport leather steering wheel
- Nevada leather upholstery
- Park Distance Control (PDC) rear
- Performance Control
- Split-folding rear seat 40:20:40
- Variable Sport Steering, including Servotronic
- xDrive four-wheel-drive system
- Xenon Headlights with headlight wash
- BMW Navigation System
- BMW Online Service (Includes BMW Apps)

[01 / 04] The BMW X4 xDrive20d SE in optional Glacier Silver metallic paint and optional 18" light alloy Double-spoke style 605 wheels. [02] Two cup holders in the centre console and door compartments each capable of holding a 1 litre bottle offer practical storage possibilities. [03] The driver-oriented cockpit is equipped with BMW Professional Radio with 6.5" colour display screen, two-zone automatic air conditioning, Multi-function Sport leather steering wheel and interior trim in Satin Silver.

[05] Standard seats upholstered in Nevada leather shown here in Saddle Brown. [06] 18" light alloy V-spoke style 307, 8J x 18 with 245/50 R18 run-flat tyres.

xLINE.

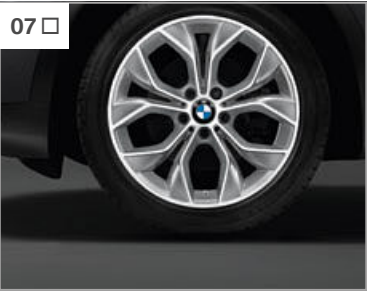

■ Standard equipment □ Optional equipment

Standard equipment :

- 18" light alloy Y-spoke style 607
- Aluminium effect
 - Air inlets
 - Front and rear bumper embellishers
 - Kidney grille slats
 - Side sill cover
- B and C pillar embellishers, High-gloss Black
- Door sill finishers with 'BMW xLine' designation
- Exhaust tailpipe with Matt Chrome finisher
- Interior trim Dark Copper, High-gloss
- Luggage compartment sill in stainless steel
- Sport Automatic transmission with Gearshift Paddles (30d)
- Sport seats, front
- Vehicle key with Pearl Chrome insert
- 'X' embossing on headrest and appliqué in backrest with Black, Mocha and Ivory White Nevada leather upholstery

[01 / 02] Distinctive aluminium effect elements make the xLine exterior really stand out by adding a distinctive look to the kidney grille, front and rear bumper embellishers, as well as in the air inlets and side sill cover. **[03]** 18" light alloy Y-spoke style 607 with 8J x 18 with 245/50 R18 run-flat tyres. **[04]** Seats in Nevada leather shown here in Mocha with Active Red contrast stitching, appliqué in backrest and 'X' embossing on headrests.

[01 / 05] The BMW X4 xDrive20d shown here in optional Sophisto Grey Xirallic metallic paint is pictured with optional 19" light alloy Y-spoke style 608 with mixed tyres. **[06]** The door sill finishers with 'BMW xLine' designation are an especially eye-catching feature. **[07]** 19" light alloy Y-spoke style 608 with mixed tyres, 8.5J x 19 245/45 R19 front and 9.5J x 19 275/40 R19 rear run-flat tyres. **[08]** The cockpit with its centre console angled towards the driver is a classic example of driver-orientated BMW design. Shown here with optional Burled Walnut wood interior trim.

■ Standard equipment □ Optional equipment

M SPORT.

■ Standard equipment □ Optional equipment

Standard equipment features:

- 19" M light alloy Double-spoke style 622 M
- Automatic transmission with Gearshift Paddles (20d)
- Door sill finishers with the 'M' designation
- Exterior trim, High-gloss Shadowline
- Headlining, Anthracite
- Interior trim, Brushed Aluminium
- M aerodynamic bodystyling
- M leather steering wheel with Gearshift Paddles
- Sport Automatic transmission with Gearshift Paddles (30d/35d)
- Sport seats, front
- Sport suspension
- 'X' embossing on headrest and appliqué in backrest with Mocha and Ivory White leather upholstery

[01 / 04] The BMW X4 xDrive30d M Sport pictured here in Alpine White non-metallic paint with standard 19" M light alloy Double-spoke style 622 M wheels with mixed tyres. **[02]** Sport seats for driver and passenger offer style combined with lateral support and great comfort, pictured here in Black Nevada with Grey contrast stitching. **[03]** Design that's as dynamic as the car – the M door sill finisher with 'M' designation.

[05] 19" M light alloy Double-spoke style 622 M with mixed tyres, front 8.5J x 19 with 245/45 R19 front and 9.5J x 19 with 275/40 R19 rear run-flat tyres. **[06]** 20" M light alloy Double-spoke style 310 M, 8.5J x 20 with 245/40 R20 front and 10J x 20 with 275/35 R20 rear run-flat tyres. **[07]** Standard on M Sport models is the M leather steering wheel with Gearshift Paddles, pronounced thumb rests and a thicker rim for better grip.

EQUIPMENT HIGHLIGHTS.

■ Standard equipment □ Optional equipment

[01] Xenon headlights for low and high beam, includes LED daytime running lights, headlight washing system and automatic headlight range control. **[02]** LED foglights, front, the bright white light increases safety when visibility is poor. **[03]** Adaptive LED Headlights with cornering and adaptive lights. The low and high beam headlights offer a greater resemblance to daylight. Includes LED front indicators, automatic height adjustment, illuminated headlight 'eyebrow' and four white corona rings as Daytime Driving lights. **[04]** Headlight wash automatically cleans the headlights in tandem with windscreen wash. **[05]** Matt Aluminium Roof rails complement the exterior design of SE and xLine models whilst providing a base for a BMW roof rack system, available from Genuine BMW Accessories. **[06]** The electric glass sunroof with one-touch function, provides sun protection from heat-reflecting glass and also includes an automatic integral wind deflector and sliding headliner panel. **[07]** Satin Aluminium exterior trim on window surrounds comes as standard on SE and xLine models. **[08]** The sun protection glass for the rear screen and rear side windows reduces the degree to which the interior heats up in the sun, show here with High-gloss Shadowline exterior trim.

[09] BMW Professional radio includes features such as a built-in 6.5" colour display screen, iDrive Controller, MP3 compatible CD drive and six loudspeakers. **[10]** The BMW Professional Multimedia Navigation system includes the latest generation iDrive Touch Controller with touch sensitive pad for written character entry, 20GB of memory, 8.8" LCD colour display, multi-map views including perspective and 3D views. **[11]** BMW Navigation system, with a fixed 6.5" display with enhanced graphics and route planning. **[12]** Harman/kardon Loudspeaker system with surround mode and vehicle specific equalising, 600W of power, nine channels and 16 speakers. **[13]** Enhanced Bluetooth with wireless charging provides an improved hands-free capability by provision of a second microphone, USB and NFC interfaces and WiFi audio streaming.¹ **[14]** The anti-dazzle High-beam Assistant automatically switches between high and low beam according to oncoming traffic, traffic ahead and the level of street lighting (included with Adaptive Headlights and Adaptive LED Headlights). **[15]** Rain sensor with automatic headlight function switches on the wipers according to rainfall and sensors switch on lights when needed. The automatically dimming rear-view mirror reduces glare from following headlights. **[16]** Steering wheel heating quickly warms up the rim of the steering wheel at the push of a button – a comfort feature which is especially useful in winter.

¹ For information on the compatibility of smartphones and other mobile devices, please see www.bmw.com/bluetooth

EQUIPMENT HIGHLIGHTS.

■ Standard equipment □ Optional equipment

[01] The multi-functional Sport leather steering wheel, three-spoke in Black with Pearl Chrome trim comes as standard on SE and xLine models. **[02]** Sport seats for the driver and front passenger provide enhanced lateral support with pronounced seat bolsters and electric adjustment of the backrest width. Also with manual adjustment of fore-and-aft position, height, recline, thigh support, tilt and headrests. **[03]** The M leather steering wheel with multi-function buttons is standard on M Sport models and features Gearshift Paddles. **[04]** Sport automatic transmission enables dynamic and sporty gear changes via the gear selector or gearshift paddles and is standard on xDrive30d/35d models. **[05]** Optional for xDrive20d SE and xLine models, and standard for xDrive20d M Sport models, Automatic transmission with Gearshift Paddles makes changing gear more convenient, thanks to fast engine speed transitions and shorter shift times. **[06]** Multi-function buttons on the steering wheel provide convenient operation of the telephone, audio functions and cruise control, as well as optional voice control. **[07 / 08]** Drive Performance Control lets the driver choose between Comfort, ECO PRO and Sport modes at the touch of a button. (Sport+ available with Sport automatic transmission / Variable Damper Control)

[09] Automatic air conditioning with two-zone control has separate controls for driver and front passenger and includes automatic air recirculation, microfilter, humidity and solar sensor. Shown here with optional BMW Professional Multimedia Navigation system. **[10]** Ambient lighting with two colour options, partially LED, includes reading lights, vanity mirror lights and footwell illumination. **[11]** Seat heating for the driver and front passenger with three heat settings warms the seat and backrest surfaces. **[12]** Seat adjustment, front electric with driver memory features two programmable memory positions for the drivers seat and door mirrors. Lumbar support can be adjusted four ways providing an optimised seating position. **[13]** The instrument cluster features four analogue dials including a speedometer, rev counter and coolant temperature display. **[14 / 15]** Two cup holders in front and two side compartments each capable of storing a 1 litre bottle offer useful storage facilities. **[16]** The through-loading system includes a dividable rear seat backrest (40:20:40 split), a centre armrest with integrated storage compartment and two cup holders.

EQUIPMENT HIGHLIGHTS.

■ Standard equipment □ Optional equipment

[01] Park Distance Control (PDC), front and rear, makes parking and manoeuvring much easier with acoustic signals and a visual warning in the Control Display. **[02]** Full colour Head-up Display projects relevant information into the driver's field of vision.¹ **[03]** Speed limit display provides information on speed limits and permissible road signage such as no overtaking. **[04]** The Reversing Assist camera shows the area behind the car on the Control Display and is automatically activated with PDC when reverse is selected. **[05]** Surround-view provides visual support in confined situations and provides an early view of approaching traffic for pulling away from side roads and areas with limited visibility. **[06]** Park Assist makes parallel parking easier by identifying a suitable space and controls the steering during the parking manoeuvre.² **[07]** The Lane Change Warning systems detects vehicle's in the drivers blind spot or vehicles approaching at speed in an adjacent lane and warns the driver by vibrating the steering wheel and displaying a triangular warning symbol on the exterior mirrors. **[08]** Driving Assistant combines the Lane Departure Warning and Forward Collision Warning thereby reducing the risk of potential collisions. **[09]** Driving Assistant Plus is available with automatic transmission and combines both Driving Assistant systems with Active Cruise Control with Stop&Go function.

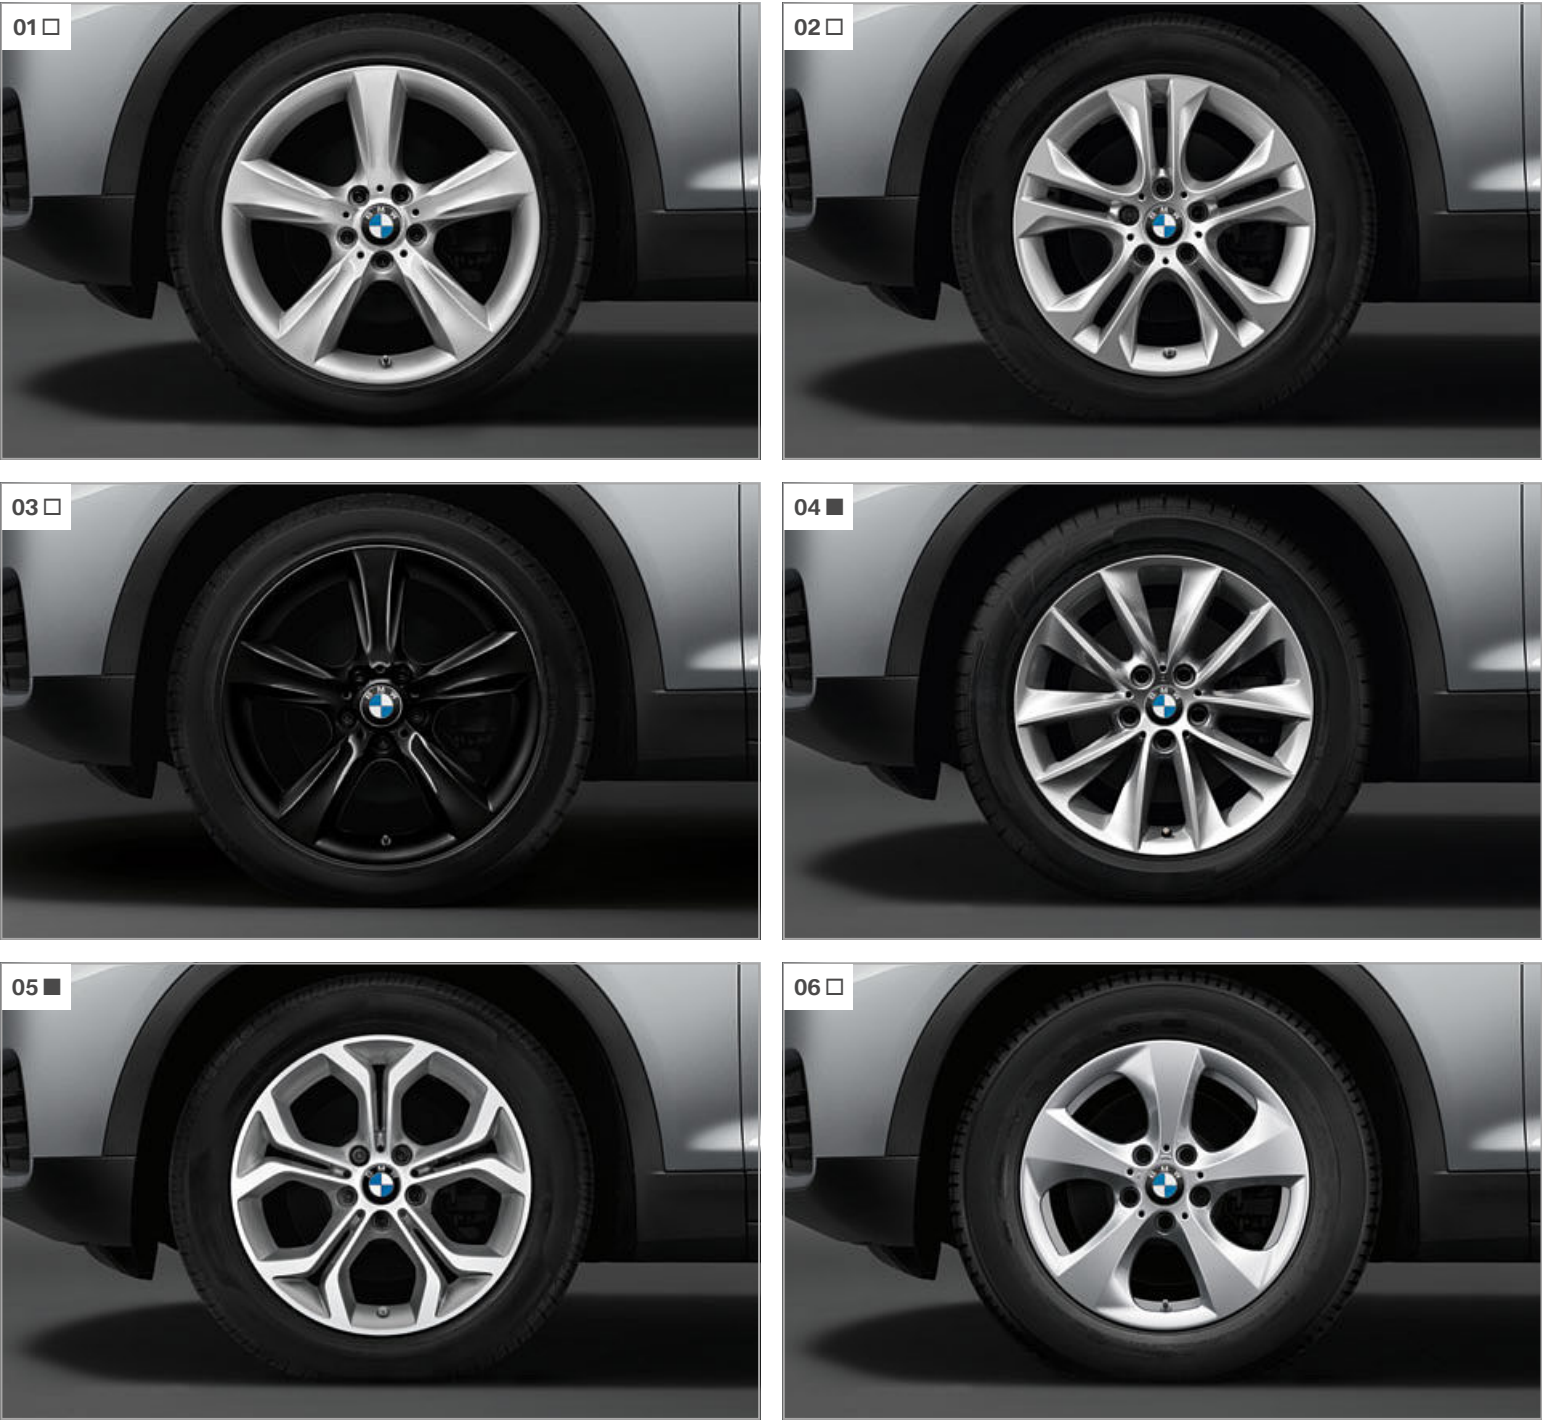

[10] The automatic tailgate operation opens the bootlid at the touch a button. **[11]** Comfort Access with smart-opener allows keyless access to the car and contactless opening of the bootlid via a sensor beneath the rear bumper. **[12]** Dual tailpipes, with Chrome trim are standard for xDrive30d xLine and M Sport models. **[13]** Single oval exhaust tailpipe with Chrome trim is standard on xDrive20d SE models. **[14]** Extended storage provides an additional luggage compartment functionality. Including extra power sockets, storage nets and lashing rails.

¹ Image also shows optional Speed-limit information.
² Not available with 17" light alloy wheels.

WHEELS AND TYRES.

■ Standard equipment □ Optional equipment

[01] 19" light alloy Star-spoke style 606 with mixed tyres, 8.5J x 19 with 245/45 R19 front and 9.5J x 19 with 275/40 R19 rear run-flat tyres. **[02]** 18" light alloy Double-spoke style 605, 8J x 18 with 245/50 R18 run-flat tyres. **[03]** 19" light alloy Star-spoke style 606 wheels with run-flat tyres, front 8.5J x 19 with 245/45 R19 tyres, rear 9.5J x 19 with 275/40 R19 tyres. **[04]** 18" light alloy V-spoke style 307, 8J x 18 with 245/50 R18 run-flat tyres (Standard on SE models). **[05]** 18" light alloy Y-spoke style 607, 8J x 18 with 245/50 R18 run-flat tyres (Standard on xLine models). **[06]** 17" light alloy Streamline style 306, 8J x 17 with 245/55 R17 and BMW Mobility System.

GENUINE BMW ACCESSORIES.

[01] BMW M Performance carbon fibre exterior mirror caps, BMW M Performance black kidney grille, 20" light alloy wheels Star-spoke style 311 in chrome, cast. **[02]** 21" light alloy Double-spoke style 599 M. **[03]** BMW holder for Apple iPad, mounted on the back of the front headrests using a basic carrier. **[04]** Snap-in adapter, this adjustable device holds selected smartphones and the BMW Navigation Portable. **[05]** Luxury ski and snowboard bag for clean transport of up to four pairs of skis or three snowboards. **[06]** All weather floor mats, neat fit, dirt-repellent and water-resistant. **[07]** BMW roof system, with BMW roof box. Various sizes available.

Discover the all-round innovative solutions on offer in many categories: exterior, interior, communication & information and transport & luggage compartment. Your BMW Retailer will be happy to advise you and provide you with a special catalogue detailing the entire range of Genuine BMW Accessories. For more information visit www.bmw.co.uk/accessories

THE BMW SERVICE CONCEPT:

When you buy a BMW, you can look forward to superb service and comprehensive customer care. **Condition Based Service** tracks service fluids and parts subject to wear, and where appropriate indicates required service stops on the display. In combination with **BMW TeleServices**, the vehicle data collected by Condition Based Service are automatically transmitted to BMW. Your preferred **BMW Service Retailer**

BMW SERVICE INCLUSIVE.

BMW Service Inclusive:

Wouldn't it be good to know your comprehensive servicing costs in advance? Well, that's exactly what BMW Service Inclusive¹ provides and for a low one-off payment.

BMW Service Inclusive¹ lasts for 5 years or 50,000 miles (whichever occurs first) and covers all your vehicle's comprehensive servicing requirements. Alternatively you can choose BMW Service Inclusive Plus¹ which in addition to servicing also covers maintenance items such as brake pads, brake discs and windscreen wipers. And whenever

servicing and maintenance work is carried out on your BMW, you can be sure that it will only be done by fully qualified BMW Service Approved Technicians at one of over 150 BMW Service Authorised Workshops around the country. Furthermore, only Genuine BMW Parts are used – each covered by a two year warranty. BMW Service Inclusive and Service Inclusive Plus are transferable to subsequent owners within the time and mileage period, which can enhance the resale value of your car.²

SHAPING THE FUTURE – RESPONSIBLY.

In 2015, the BMW Group was once again listed in the Dow Jones Sustainability World and Europe Indices and thus ranked one of the most sustainable automotive companies worldwide. The development of efficient vehicle concepts and eco-friendly production processes, up to and including recycling, is an integral part of our engineering philosophy. Thanks to BMW EfficientDynamics, the CO₂ emissions of our European new-vehicle fleet have dropped by more than 30% since 1995. Over the period from 2006 to 2020 we are also aiming to achieve a 45% reduction in the amount of resources – such as water and energy – that our manufacturing operations consume. Since 2007, production in our engine plant in Steyr, Austria, has generated zero waste water. And of course each of our vehicles is designed for easy and economical recycling after its long running life. Please contact your BMW Centre on all matters regarding your end-of-life vehicle. For further information please visit our website.
